

ANTI-AGING & ACTIVATE CELLS

Maintains a good cellular metabolism, ensures proper cell function to protect bodies from aging and disease.

SNE
Be'beau

A REVOLUTION OF
EXCELLENT BEAUTY FROM INSIDE OUT

SMALL MOLECULE COLLAGEN

Repair skin cells, lock the moisture and provide building block for skin structure to reduce fine lines and wrinkles.

UV PROTECTION

Build strong photo protecting layer within the skin and protect the skin from UV radiation damage by absorbing light in the UV range.

WHITENING & EVEN SKIN TONE

Inhibit melanin production, even skin tone and complexion, provide whitening and brightening effect.

Experience Total Wonder of Beauty!

ANTI-GLYCATION

Glycation causes inflammation and accelerates aging. Alpha-lipoic acid (ALA) from tomato inhibit glycation and reduce the formation of advanced glycation end products (AGEs) that damage our body cells function.

SUPERIOR ABSORPTION

Patented black pepper extract enhances the absorption of nutrients such as CoQ10, Vitamin C, selenium & beta-carotene up to 61% to maximize the benefits.

PREBIOTIC

Prebiotic promotes skin & gut microbiome equilibrium and enhances skin immunity, control enzymes that breakdown collagen in the body and improve activities of collagen type-1.

POWERFUL ANTIOXIDANTS

Contains powerful antioxidants from the superfruits and pterostilbene from Blueberries that reduced wrinkles and fine lines, improved skin elasticity

Be'beau

INGREDIENTS

WHITE TOMATO

White tomato contains colourless carotenoids that is proven to have photoprotective effects against harmful UVA and UVB. Besides, it is high in lycopene that prevent damage of collagen in the skin and high in alpha-lipoic-acid for glucose management.

POLYPODIUM LEUCOTOMOS

Polypodium leucotomos is consider as an oral sunblock and it is used to improve certain skin conditions including sunburn, eczema (atopic dermatitis), psoriasis, vitiligo, and skin cancer. It is also used for other cancers and Alzheimer's disease.

N-ACETYL GLUCOSAMINE (NAG)

N-Acetyl Glucosamine (NAG) improves the appearance of ageing skin. It reduces wrinkles, lines, age spots and dryness of the skin by boosting hyaluronic acid synthesis and improve skin cell turnover.

SUPERFRUITS PROPRIETARY BLEND

Powerful antioxidants from Seabuckthorn, Gac fruit, Monk fruit, Cili fruit, Chinese lycium and pterostilbene from blueberries moisturise the skin, reduce wrinkles, fine lines and protect skin against free radical damage.

NIACINAMIDE (NIACIN) AND NMN

Niacinamide (Niacin) and NMN increases NAD+ in the body, which is an important coenzyme that involved in cell growth, energy metabolism, stress resistance and other important functions. Reduce of NAD+ levels are related to wide range of the hallmarks of ageing.

PATENTED PREBIOTICS

BeautyOligo promotes skin-gut microbiome equilibrium, enhances skin immunity, control enzymes that breakdown collagen in the body and improve activities of collagen type-1.

PATENTED KOREA TRIPEPTIDE MARINE COLLAGEN

Superb absorption rate, peptide size that is smaller than 800 Dalton in average, provide the building block of skin, enhance skin cell repair, lock the moisture and reduce fine lines and wrinkles.

L-CYSTINE

L-Cystine stimulates the activity of glutathione peroxidase enzymes, which protect the skin from reactive oxygen species (ROS). It also represses the activity of tyrosinase enzymes, which come from ROS and are involved in the production of melanin. Its antioxidant properties helps to support the body's natural ability to manage and regulate blood sugar levels. It also supports digestive health, manages blood sugar levels and maintains the skin's appearance.

ROSA ROXBURGHII EXTRACT (CILI FRUIT)

Rosa Roxburghii Extract (Cili fruit) is full of vitamin C and extremely high in nutrients. It has higher content vitamin P than general vegetables and fruits, per 100 gram flesh varied from 5981 to 12895 mg. It is widely used in health supplement and medicine.
